July 30. Bristo. Had breakfast 6:38. board on a small boat 10:00 run. Boat leaked & held about 300. Landed and marched up a winding hill through the city. Saw some pretty country. The hill was about a mile long, we went ahead but we rest. We finally got in a place we thought we would stay, we only stayed there about this time. After time to dinner we were moved over 1 1/2 miles. Put out any thing to eat, only mushballs over that and had dinner and supper about 10 P.M. went to bed about 12. Athie and myself got a bottle of wine for 80c. Aug. 1. Called at 5:30 running like the devil, my feet fairly fly. Had a good breakfast. Left on
